

Submitter:	Sean Wilde
On Behalf Of:	Oregon citizens against new taxes
Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

Oregon does not need any new taxes. It needs resourceful management of departments in state government. Oregon political leaders have continually thrown money at problems that grow year after year with no solution in sight. It's time to hold accountable those of our higher management people and cut their jobs when and where necessary. Not the people who have their boots on the ground doing the actual work..
