My name is Jeanne Ballaris. I'm a resident of Portland Oregon. I've been resident the city for over 30 years.

I am appealing to you as a registered voter, member of the community, a parent and grandparent to vote NO in the upcoming special session.

We simply cannot afford these rate increases. We are being taxed beyond our means.

Please do better for us by stopping these tax and fee increases.

We are all being hurt by these continuing increases in taxes and fees.

We don't live beyond your means. Why shouldn't our government work with what they have like all we do.

VOTE NO!

This is a call for discernment for you and our government to do what is right.

Thank you for your time.

Please standup for all of us and vote NO.
