Funding

Measure, Appointment or
Topic: LC 2

Dear Co-Chairs and Members of the Committee,

My name is Ataur Rahman, and I am a resident of Oregon. I am writing as a concerned citizen to urge you to pass LC 2 during this special session.

Reliable transportation funding is essential to keep Oregon moving—whether it's ensuring safety at our intersections, maintaining highways and bridges, or supporting the workforce that keeps our transportation system functioning. Without action, critical projects will stall, public safety will be compromised, and many hardworking Oregonians could face layoffs.

This bill is a necessary step to stabilize our transportation system and protect both the traveling public and the economic health of our state. I understand that broader funding solutions will still be needed in the long term, but passing LC 2 now ensures continuity and avoids deeper harm.

I respectfully ask the committee and the Legislature to act swiftly and pass LC 2. Oregon cannot afford further delays when the safety of our roads, the stability of our workforce, and the reliability of our infrastructure are on the line.

Thank you for your consideration and for your service to our state.

Sincerely,
Ataur
