Dear Co-Chairs and Members of the Committee,

My name is Nazmin Nahar, and I lived in Oregon. I am submitting this testimony as a citizen who cares deeply about the future of our state.

I strongly urge you to pass LC 2. Reliable funding for transportation is not just about roads and highways—it is about safety, jobs, and keeping our communities connected. Without immediate action, important projects will stall, families will feel the impact of job losses, and the traveling public will face greater risks.

This bill is a practical and urgent step forward. While Oregon will need long-term solutions, LC 2 prevents deeper harm right now. Passing this bill means protecting workers, supporting our economy, and making sure our transportation system remains safe and dependable.

I respectfully ask you to vote yes on LC 2 and move Oregon in the right direction.

Thank you for your service and leadership.
