

Submitter:	Kim Carone
On Behalf Of:	Trust
Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

As an original Oregonian and speaker on behalf of our family trust, adding a road tax will ruin the state of Oregon. Living in rural areas, we already barely make a living and to get to valuable resources and/or go to work, we are required to drive long miles. To put an added tax on an already almost poverty level communities is unconscionable. Please don't destroy the agricultural and rural communities by adding this tax.
