No NEW ROAD TAX- please do not make blanket taxes, that do not even go to specific related depts or spends. WE need more efficient govt not more revenue to spend inefficeintly. Consider where this goes in the long term. State spends more than it earns... it can either go further into debt, or it can spend less, or it can tax / levy more.

What is the problem is shrinking govt spending? Seems like the smart money more the way things are going. - Cheers
