Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or LC 2
Topic:

ODOT need to manage with the budget they are given just like the rest of the world. Their accounting system should be overseen by auditors until they show they are utilizing their budget correctly. We already pay. 59 cents per gallon in taxes, no more should be allowed-period. If you want to tax the people of Oregon, tax the people driving electric cars to make it fair across the board.
