NO new road tax!

Instead of creating new taxes, you and our legislature must explore and disclose alternative solutions that doesn't involve the elimination of the actual 'boots on the ground' employees who are actually keeping our road safe and navigable during the year.

It's time the Governor and individuals on both sides of the isle stand with the people of our state by rejecting any new road tax proposals. We need leadership that puts families, workers, and businesses first, not more financial burdens.
