No More taxes! we are all sick of it. You want to raise our gas taxes to support salary people at ODOT its time you cleaned house! and as far as Upping auto registrations by \$42 when 1 in 6 cars are running around on the roads UN regenerated why don't you get the Police off there dead asses and start giving tickets to these people. We are all sick of the Democrat ways of screwing us out of our hard earned money. With your attitudes I will be voting Red from now on. NO MORE TAXES!

Michael
