No new road tax!

Because of inflation, our grocery bill is stretched to the limit. Increasing taxes will certainly cause prices to increase. We cannot afford this. I want better management of tax money, not an increase in taxes. With the way things have been going, once my kids move away in a few years I am considering moving to another state where money is managed more efficiently. If the current trends of waste and lack of transparency continue I'll be pressed to take my spending, tax dollars, and the small online business that I own elsewhere. Please do not raise taxes. Two families that I care about have already moved out of state for similar reasons.
