Measure, Appointment or
Topic: LC 2

I am opposing the proposed new taxes that you will be voting on on 8/29/2025.

These new taxes are going to hurt the lower income and seniors on a fixed income. We are over taxed and many of us cannot afford to pay more for taxes either publicly or through our paychecks.

This is not resolving the issue of the fraud and waste that is going on, and then you threaten to layoff the workers who are needed instead of cutting management jobs. If there isn't worker then there is no need of management as there won't be anything to manage.

Quit hurting the poor and the seniors on fixed income because of you irresponsible and wasteful spending.

Diana A
