I strongly oppose the proposed transportation and fee increases, although I do not have a final bill draft to reference. Why not? What are you hiding? Lett us review the proposal!

First we must clean house in ODOT and get them back on a responsible track. Maintenance of existing roads must be a priority.

Oregon is now in a state of recession, and raising taxes now is exactly the wrong thing to do.

These taxes and fees are regressive, falling on our poorest workers and small businesses who commute and drive work vehicles.
