Funding

Measure, Appointment or
Topic: LC 2

I'm writing in hopes you'll vote no on LC2. ODOT should learn to balance their budget before raising taxes on Oregonians again. Increasing taxes on Oregonians shouldn't be the answer for every problem our state faces. As a small business owner, I'm required to manage and balance my budget appropriately, so I'm not sure why ODOT or any other government agency isn't responsible to do the same.

Thank you,

Chris Rosch
