Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

If you follow Republican suggested plan, there is no need for any new road taxes, especially the out of control fees and taxes suggested. If any are enacted there needs to be a strict limitation included that the money goes ONLY to ROAD MAINTENANCE AND REPAIR!! This does not include bike and pedestrian improvements as they do not help most of the state, especially in rural areas that need the most help. Please do not ignore 3/4 of the state like most of your policies.
