I am opposed to all of the taxes you currently have on the table. Hard working Oregonians cannot afford a gas tax because you don't know how to run the DOT.

As a hardworking landlord in this state, you are making it darn near impossible for me to do business in the state of Oregon. Your draconian legislation is just about to move us to Idaho. At this rate, you aren't going to have a state left.

It is a very sad state of affairs to witness the increasing homeless population here in southern Oregon. Not sure what you are doing to invite business to this state. It seems that all you Democrats do is make it harder and harder. My children have left the state because there are no jobs for them and they say they will never be able to afford a home here. SAD.

I also recently read that there are 35 counties in the state of Oregon that have over 100% voter registration. Yes, please read that again. What are you doing to clean up voter rolls and why do we still have 100% mail in voting. It really doesn't seem like a coincidence to me that we have not had a Republican Governor since the state went to mail in voting. 100% CHEAT BY MAIL. This needs to stop.

Get it together or you won't have anyone left to tax.
