Why?? Why do we need to pay a higher gas tax? Why are prices being raised for our registration? We pay taxes every year to the state of Oregon, where does that money go? I understand that the government is cutting funding for EVERYTHING. Maybe the answer is to stop paying income tax to the government and just be taxed and run by the state individually..... Our country is in total corruption. I am not republican nor democrat, i find myself somewhere in the middle. The homeless situation here in Oregon is pitiful and yet Kotex wants to raise prices, and taxes more. How much worse does it need to get? This whole country is in such bad shape. Make America Great Again, ain't working so much as far as im concerned.
