Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

My name is Cristy and I am a lifelong resident of our beautiful state. I am also a property owner, and I am consistently concerned about my ability to maintain ownership of my property, due to the ever rising taxes, fees, and state mandated costs. Increasing fees associated with vehicle ownership is yet another example of Oregon creating a circumstance of financial hardship. Please consider your citizens and stop increasing the cost to live here. Thank you for your consideration.
