Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

I support LC 2 because it will fund maintenance of our roads, public transportation in our communities, and essential employees at our state and local transportation agencies. Yes taxes for Oregon residents are high. Damaging our transportation system by under-funding it is not the answer to our tax problems. Our state is growing by leaps and bounds and the transportation facilities are not keeping pace. Long-range funding of our infrastructure needs to be addressed. The immediate need is to get money to maintain what we have. Please vote in favor of LC 2.
