Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

Stop raising taxes. Lower taxes and increase services. We waste so much \$ on programs like bike lanes and new interstate bridges when pothole repairs go without and without hiring more state police to enforce existing laws. Stop with trans programs and focus on everyday people and businesses. Make Oregon business friendly again instead of a high tax environment without any help for small business. Use the money you have wisely instead of wasting it on government unions and retirement programs.
