Please stop the over taxation in Oregon. My husband works so hard, 40 hours a week as a CDL truck driver here in Oregon. I can not work because 1 of my 3 children who are special needs has been traumatized so badly in Salem Keizer public schools that he becomes suicidal daily when enrolled. I can not work because we can not afford childcare for a 12 yr old with special needs. We already are maxing out credit cards just to buy food and gas to survive on. Please, I'm begging you so taxing us!!!!
