Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

Please pass the transportation package so that our roads and bridges can be as safe as possible for drivers and pedestrians. When you consider that Oregon is the lowest-taxed of all the western states in terms of transportation funding and that Oregon's 7000 bridges are getting old and desperately need repairs or replacement, we just can't keep kicking this can down the road. We must act now and pass this transportation package
