Please, NO NEW OR INCREASED TAXES. The majority of tax-paying citizens are working hard and figuring out how to do more with less. Yet, the harder we work, the more taxes we pay. This is counter-intuitive. Our state and local government continues to raise taxes on the productive citizens so they can provide free or reduced services for those who cannot or will not contribute. I'm all for helping those who are trying, but I'm OVER giving away my hard-earned money to enable slackers. Figure out how to reallocate the taxes you're already collecting to create an environment which encourages the contributors to stay and motivate the slackers to contribute or move on. Thank you for your consideration of my input.
