Topic: LC 2

PLEASE do not pass a road tax. I don't know if the legislatures understand that living in Oregon is getting harder and harder for the average person who is working and supporting a household. I have no confidence that the money will be used wisely and in the meantime it is getting harder and harder to keep up with bills such as food, housing , gas to get to work, medical, insurance and the established taxes that are already in place.

My husband and I are retired on a fixed income. We have to keep tightening our belts to make ends meet and I don't comprehend why those in power don't have to do the same with the money they already have allocated to run the government.

Please don't keep pushing hard working families and retired folks to other states to survive. If you keep pushing them away you won't have a very big tax base to draw from.
