Really, ya think this is a good idea? I have an idea that I think most Oregonians would agree on. How about your take home pay be reduced by let's say 40%. Now that would give you an idea of how common Oregonians feel by this gross overreach that y'all propose to cover the mis management of ODOT. If you eliminate the DEI BS y'all could recoup all the laundered funds missing from the dot budget. I guess ya can surmise my opinion on this matter,
NO NEW ROAD TAX!!!

Respectfully,
Louis B Smith
