It is unimaginable that you would raise any tax on the Oregon citizens at this time. We have been suffering under the Biden Adm. with inflation, gas costs through the roof and therefore all products for daily living costing more. We cant endure one cent more taken from us. Stop Spending!!! We, the tax payers are suppose to be able to vote on any new taxes...well here is my ballot NO! And hell no to this ODOT free ticket to raise taxes. They are the worst money wasting departments yet! Cut your budget by ending DEI programs, homelessness programs and abuses by OHP caring for non citizens.
