On Behalf Of:

Committee: Joint Interim Committee On Transportation  
Funding

Measure, Appointment or  
Topic: LC 2

I am a proud Oregonian and have been my whole life. Driving and doing business are an essential part of life for many Oregonians. We are already at the maximum taxes and fees we can afford. ODOT needs to be audited so they can spend more wisely all the money they already have rather than risk more businesses leaving the state. I urge you to vote no on LC2.
