Let's make one thing clear: I have been an Oregon resident all my life, and I have never seen such an abuse of funds and misappropriation of funds in my time in Oregon. I am now a senior citizen and can tell you for a fact that it is getting harder and harder to keep our heads above the financial waters in Oregon. The gas tax now makes it harder to get around, but you want to increase it even more, along with registration fees, surcharges, and multiple other taxes and fees. What a scam this is. You are suffocating all Oregonians in a financial disaster. You need to stop blaming someone else for your incompetence. Trust me, when it is time for reelection, the present representatives are going to be gone. I am saying this as loud and clear as possible: NO NEW TAXES, PERIOD. In fact, it is time to start looking at ways to decrease the tax burden on all citizens and businesses.
