I am writing to request no new road taxes or taxes of any kind. I've had a recent medical diagnosis that requires driving quite a ways for treatment. Also, when I hear on the news that the price of gas is down in the U.S, I wonder, "what is wrong with Oregon?" I've read the "2025 Republican Transportation Stabilization Proposal" of April 30, 2025, and it makes complete sense to me. Thank you for considering the impact of more taxes, the high price of gas, and lack of road maintenance on the average Oregonian.
