I oppose LC2. The people of Oregon are already struggling with high cost of everything. We are being over taxed already. The Oregon government are destroying the hard working people with taxes, regulations and overreach of our rights. We have to live with a budget. All Seniors, retirees, disabled live on a strict budget. The Oregon government needs to function with the taxes they already receive from the people of Oregon. They need to redirect the funds back to roads like it was intended. The Oregon government needs to realize we don't have an endless pot of money. Our purpose in life is to support our families and be decent people. We should be able to enjoy life not stress and struggle on how we are going to pay for the necessities of everyday life. Our job isn't to support the government and all their taxes, fees, that are never ending. We the people are at the bottom we get all the taxes and increases passed to us by all businesses. When is enough? Please no more taxes or fees. The Governor also is asking for more power on hiring and firing of certain jobs. The Governor doesn't need more power. More overreach.
