Topic: LC 2

In support of the Transportation Package. While additional fees and taxes are a difficult choice, the amounts are a far better choice than the cost of letting our roads deteriorate and the detrimental hit to our economy, public safety, and quality of life if reduced maintenance leads to dangerous roads, seasonal closures, or long term closures and detours. Please vote in favor of this bill. In rural eastern Oregon, the increasing number of road closures has already affected access to health care and jobs where travel by cars and deliveries by trucks are pretty much the only transportation option.
