Hello , I am writing to express my strong disapproval over the passing of the transportation bill during the upcoming special session . This should not happen to the citizens of Oregon . We are already one of the highest taxed states in the country and are struggling to make ends meet. ODOT has been poorly run and has never met their fiscal responsibility to the tax payers . Rather than bailing them out again - enforce fiscal accountability and on behalf of the taxpayers insist they meet the necessary requirements for public safety by reprioritizing projects and tightening their belt . Bailing them out again on the backs of Oregon taxpayers is irresponsible and should not happen . Please vote NO!! thank you .
