Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

I oppose LC2, and be urge a no vote. The taxpayers are already overtaxed, the state gets plenty of funding already. The state needs to become fiscally responsible and use the funding appropriately for the most critical needs of the citizens, one of which are good and safe roads. There is too much funding wasted in inefficiency, poor management and planning, and lack of be fiscal oversight.
