My name is Cynthia Reinhold. I am a resident in Dundee, Oregon. I strongly oppose the recent transportation bill being considered in the Oregon Legislature. We, the constituents of Oregon have overwhelmingly said NO to being taxed more. We are able to keep a budget and stay within our means. The government should learn to do the same. Governor Tina Kotek didn't even show up to the public testimony on Monday 8/25.

ODOT should consider reducing the completely bloated salaries of executives and administrators before cutting essential grounds crew employees.

Another tax hike means more population leaving Oregon because we simply cannot afford to live here any longer.

VOTE NO!!! NO MORE TAXES!!! ENOUGH!
