Topic:

Dear Oregon Legislature;

NO NEW TAXES!!! NO NEW INCREASES TO LICENSE AND TITLE FEES!  
Have you all lost your minds? How many retired people are there in Oregon? We are all on fixed incomes. Are you trying to put us out on the street living out of whatever our shopping carts can hold?

We certainly can't afford gas to go to the store- so we will need Walmart to deliver the few groceries we can buy.

You all need to think about what your proposing, all that money your generating right now might be good for whatever agenda your promoting but, remember voters put you in office voters can kick you out. Yes we are all watching how you all vote on these ridiculous proposals.

Vote the voice of your constituents not the voice of Governor Kotek. She is even pissing off a lot of your Portland, Salem democratic base.

Please vote with your constituents in mind.

Thank you for your time.
