"I live in Klamath Falls, and I am deeply concerned about the transportation tax bill, gas tax hike, DMV fees increases. Families like mine are already stretched thin. Any additional taxes and fees would make daily life unaffordable. Just like my family has had to, ODOT must also tighten its belt. ODOT should refocus its spending and prioritize keeping Oregonians safe on the road. The Governor needs to realize we are not all rich and can't afford the products we need every day. You need to realize you don't care about anyone other than yourself and gay rights. I am on disability and am going to lose my rental because I allowed the rental agencies to increase our rents every year. You are about greed and greed alone. Why don't you bring down the cost of gas? Don't say you can't because most of the US is paying 2.85 or less a gallon. You are pure evil. Please consider alternatives that don't financially punish Oregonians."
