ODOT needs to be completely overhauled and reformed. I have to rebalance my budget every time the state increases my taxes and learn to get by on less. (I am on a fixed retirement income.) Why can't the State of Oregon do that? We are tied for second in states that are most taxed. We also have almost more state employee's per capita than any other state in the Union. People and businesses are leaving this poorly run state and many of us would rather be a part of Idaho. Get your act together and figure out a budget that we can all live on.
