Committee: Joint Interim Committee On Transportation
Funding

Measure, Appointment or
Topic: LC 2

Please, please, please do not pass this 'New Road Tax' - Road Tax - LC 2. Times are already financially difficult and I/we do not need any more economic challenges! Please let us Oregonian citizens build up our meager savings accounts so that we may take care of all our regular: utilities bills, rent bills, food bills, insurance bills, medical bills, and all the other bills we need to pay to live day by day. Please do not add to our already high billing/tax debts. Thank you.
