Committee:	Joint Interim Committee On Transportation Funding
Measure, Appointment or Topic:	LC 2

Please, please, please! Do not raise our taxes. Oregonians are already struggling financially, especially those who are trying to live on fixed incomes. The proposed tax increase(s) would have devastating direct and indirect negative effects on the lives of the vast majority of Oregon's citizens. You are entrusted with awesome powers on behalf of your constituents. Please use those powers wisely.
