Julie Vredeveld - TCA

Lt. Guy Knight, Seaside PD
Kris Kaino - Defense Attorney
Monica Steele - Asst. County Manager
Kelly Braaten - Juvenile Director/Public Health Director

What is Deflection?

Deflection is a powerful collaborative effort, uniting the Clatsop County Sheriff's Office, the Clatsop County District Attorney's Office, Local Law Enforcement Agencies, and Clatsop Behavioral Healthcare (CBH). This program offers individuals struggling with substance addiction, the opportunity to seek treatment without criminal justice interventions.

How are people referred?

- Pathway #1 -
- Referred by LE in lieu of criminal arrest for drug charge.

Pathway #1 (Sept 2024- Jan 2025)

- Single PSC charge. Individual had to be found in possession of controlled substance.
- Exclude anyone who was already on community supervision and/or arrested for other crimes at time of contact.

Pathway #1

- For the first five months of our program, this was the only pathway and it created barriers to who could access Deflection.
- As of February 2025 - we removed barriers to admission by allowing individuals who are already on community supervision or who are being charged with other minor crimes.

Pathway #2

Offered to individuals
suffering from drug
addiction.

Pathway #2

- Anyone experiencing Substance Use Disorder and wanting help can be referred to Deflection.

Who Is Eligible

Pathway #1

- **A resident of Clatsop County, including those experiencing homelessness**
- **Found in possession of illegal drugs**
- *Currently on probation, post-prison supervision, or parole in Clatsop County*
- *Facing non-violent, lower-level charges with no identified victims*
- *Have active arrest warrants or failure to appear*

Pathway #2

- *A resident of Clatsop County, including those experiencing homelessness*
- *Experiencing substance addiction and wants help*

Law Enforcement Officers are responsible for the majority of referrals

The majority of referrals come from law enforcement officers who engage with individuals either thru calls for service or self-initiated contact.

Since September 2024, we have provided training over 60 local law enforcement officers on our program. We continue to conduct outreach to local LE by attending shift briefing and a sending out a monthly newsletter.

Referrals also come from the District Attorney's Office and by reviewing daily arrest reports

- Our Deflection Coordinator reviews the daily jail booking reports to identify possible deflection candidates.
- We also review cases referred to the DA's Office for opportunities to offer deflection.

Referral Pathways

“On the Scene” Warm Hand-Offs w/LEO & CBH

- *Available to Astoria, Gearhart, Seaside, Warrenton/Hammond seven days a week from 8am - 11pm
- *Deflection CRM &/or Deflection CADC requested to respond

Rapid Access Clinic Drop-Off from LEO

- *M- F 9am - 3pm Astoria and Seaside locations
- *Internal clinic process for intake & scheduling services and connection with a CRM

72 Hour “Report to Clinic” Citation Directive

- *Same internal clinic process as above, except w/o LEO transport; client self reports to the clinic

Lessons learned so far -

- **Expanded Eligibility Increases Access** – By broadening our criteria to include lower-level offenses and individuals on probation, we've been able to reach more people in need of support.
- **Substance Use & Mental Health Are Primary Needs** – The majority of our referred clients require Substance Use Disorder Treatment and Mental Health Treatment, highlighting the need for strong partnerships with service providers.
- **Law Enforcement's Role is Crucial** – Officers play a key role in identifying and referring eligible individuals, making it essential to provide ongoing training and support to ensure successful referrals.

Lessons learned continued -

- **Warm Handoffs Improve Engagement** – Direct, immediate connections between law enforcement and CBH for assessments increase the likelihood of clients following through with services.
- **Program Monitoring & Adjustments Are Necessary** – Regular evaluations help us identify gaps and make improvements, such as refining eligibility criteria and enhancing service coordination.
- **Successful Completion Leads to Positive Outcomes** – Clients who complete 90 days in the program not only benefit from treatment but also have the opportunity to seal their original charges, reducing barriers to future success.

What challenges are you still working out?

- We are working on engagement with individual law enforcement agencies. Deflection program staff attend LE staff meetings/briefing trainings to educate and explain our program to local law enforcement officers.

As of today -

- Seven individuals are currently active in Deflection program.
- Two individuals have successfully completed with one more due to complete next Monday.
- Three individuals were referred within the first week of the implementing the updated eligibility requirements.

Thank you for your
support -
