BACKGROUND:

In Oregon, public contracting is governed by the Oregon Public Contracting Code (PCC). As codified in ORS chapters 279, 279A, 279B, and 279C, the PCC is founded on the general principles of fully advertised, open, and fair competition with transparency and fairness. See ORS 279A.015. Public contracts typically govern the purchase, sale or lease of goods or services, or contracts for the construction of public improvements. Under the PCC, agencies must establish, implement, and follow standardized procurement rules. Pursuant to ORS 279A.025, specified entities are exempted from the PCC.
