BACKGROUND:

The Early Learning Council (Council), housed under the Oregon Department of Learning and Care (DELIC), is responsible for coordinating an aligned system of early learning throughout Oregon. The council was created through [Senate Bill 909](#) (2011), further directed through [House Bill 4165](#) (2012), and most recently modified in [House Bill 2262](#) (2019). The Council follows the work of the 2024-2028 early learning system strategic plan, [Raise Up Oregon](#). Oregon’s [Early Learning Hubs](#) coordinate the same priorities, funding, and services at the regional level.

Senate Bill 1167 appropriates monies from the General Fund for the 2025-2027 biennium to fund programs at Early Learning Hubs that support the development of successful children and to establish a birthing village in the Portland-Metro Area.
