#### ISSUES DISCUSSED:

#### EFFECT OF AMENDMENT:

-1 Removes provisions providing for civil penalties and for auditing by the Oregon Health Authority.

#### BACKGROUND:

In 2021, the Centers for Medicare and Medicaid Services ([CMS](#)) began requiring hospitals to share their standard charges in two ways: a detailed, machine-readable file and a user-friendly display listing charges for at least 300 common services.

Senate Bill 1060 A requires hospitals to publicly disclose their standard charges for medical services. The measure allows civil actions by patients and restricts collection actions for noncompliant hospitals.
