

**REVENUE IMPACT OF
PROPOSED LEGISLATION**
83rd Oregon Legislative Assembly
2025 Regular Session
Legislative Revenue Office

Bill Number:	HB 2145 - A
Revenue Area:	Lottery
Economist:	Dae Baek
Date:	4/21/2025

*Only Impacts on Original or Engrossed
Versions are Considered Official*

Measure Description:

Specifies that the County Fair Account receives an amount equal to nine-tenths of one percent of the Oregon Lottery net proceeds. Takes effect on passage.

Revenue Impact (in \$Millions):

Lottery Revenue Distribution to County Fair Account	Biennium		
	2025-27	2027-29	2029-31
Cap Under Current Law	\$5.7	\$6.1	\$6.4
Under Proposed Measure	\$ 17.9	\$ 18.6	\$ 20.1

Impact Explanation:

According to the March 2025 Oregon Economic and Revenue Forecast, lottery net proceeds are \$1,922.0 million in the 2025-27 biennium, \$2,072.0 million in the 2027-29 biennium, and \$2,228.6 million in the 2029-31 biennium. Under this measure, nine-tenths of one percent of these net proceeds will be distributions to the County Fair Account. The increase in distributions to the account under this measure will leave the legislature with less lottery net proceeds available for other discretionary allocations.
