*Only Impacts on Original or Engrossed
Versions are Considered Official*

The revenue impact of this measure is indeterminate for the following reasons:

The asset or parcel of land, that is considered surplus property, is not known or identified at this time. It is also not clear whether this property or money from the sale would have been otherwise a highway fund revenue source, under ORS 306.505, if this bill did not specify it otherwise. The amended measure specifies that the property is to be sold, however, since the property would be purchased by federal funds (that are not SHF), the resulting proceeds would go to an “unspecified” alternative fund other than the State Highway fund.
