

## HOUSE AMENDMENTS TO HOUSE BILL 3936

By JOINT COMMITTEE ON INFORMATION MANAGEMENT AND TECHNOLOGY

May 12

- 1 On page 1 of the printed bill, line 2, after “276A.340,” insert “276A.344,”.
- 2 Delete lines 4 through 28 and delete pages 2 and 3 and insert:
- 3 “**SECTION 1.** ORS 276A.340 is amended to read:
- 4 “276A.340. As used in ORS 276A.340 to 276A.344:
- 5 “(1) ‘**Artificial intelligence**’ means a machine-based system that is capable, for a given
- 6 set of human-defined objectives, of making predictions, recommendations or decisions influ-
- 7 encing real or virtual environments and uses machine- or human-based inputs to:
- 8 “(a) Perceive real or virtual environments;
- 9 “(b) Abstract the perceptions into models through analysis in an automated manner; and
- 10 “(c) Use model inference to formulate options for information or action.
- 11 “[1] (2) ‘Covered product’ means:
- 12 “(a) Any form of hardware, software or service provided by a covered vendor.
- 13 “(b) Any hardware, software or service that uses artificial intelligence and the artificial
- 14 intelligence is developed or owned by a covered vendor.
- 15 “[2] (3) ‘Covered vendor’ means any of the following corporate entities, or any parent, subsid-
- 16 iary, affiliate or successor entity of the following corporate entities:
- 17 “(a) Ant Group Co., Limited.
- 18 “(b) ByteDance Limited.
- 19 “(c) Huawei Technologies Company Limited.
- 20 “(d) Kaspersky Lab.
- 21 “(e) Tencent Holdings Limited.
- 22 “(f) ZTE Corporation.
- 23 “(g) Any other corporate entity designated a covered vendor by the State Chief Information
- 24 Officer under ORS 276A.344.
- 25 “[3] (4) ‘State agency’ means any board, commission, department, division, office or other entity
- 26 of state government, as defined in ORS 174.111, except that state government does not include the
- 27 Secretary of State or State Treasurer.
- 28 “[4] (5) ‘State information technology asset’ means any form of hardware, software or service
- 29 for data processing, office automation or telecommunications used directly by a state agency or used
- 30 to a significant extent by a contractor in the performance of a contract with a state agency.
- 31 “**SECTION 2.** ORS 276A.344 is amended to read:
- 32 “276A.344. (1) The State Chief Information Officer shall adopt:
- 33 “(a) Rules pertaining to the designation of a corporate entity as a covered vendor under ORS
- 34 276A.340 [(2)(g)] (3)(g); and
- 35 “(b) Policies and standards for state agencies to implement the provisions of ORS 276A.342.

1 “(2) The rules adopted under this section must include:

2 “(a) The definition of ‘national security threat’ for purposes of protecting state information

3 technology assets;

4 “(b) Criteria and a process for determining when a corporate entity poses a national security

5 threat; and

6 “(c) Criteria and a process for determining when a corporate entity no longer poses a national

7 security threat.

8 “(3) The policies and standards adopted under this section must include:

9 “(a) The procedures for providing state agencies, the Secretary of State and the State Treasurer

10 notice that a corporate entity is designated or no longer designated a covered vendor under ORS

11 276A.340 [(2)(g)] **(3)(g)**;

12 “(b) The time schedules for implementing the requirements under ORS 276A.342 with regard to

13 a corporate entity that is designated a covered vendor by the State Chief Information Officer; and

14 “(c) The time schedules for incorporating the requirements under ORS 276A.342 into a state

15 agency’s information security plans, standards or measures.

16 “**SECTION 3.** ORS 276A.346 is amended to read:

17 “276A.346. (1) As used in this section:

18 “(a) **‘Artificial intelligence’ means a machine-based system that is capable, for a given**

19 **set of human-defined objectives, of making predictions, recommendations or decisions influ-**

20 **encing real or virtual environments and uses machine- or human-based inputs to:**

21 **“(A) Perceive real or virtual environments;**

22 **“(B) Abstract the perceptions into models through analysis in an automated manner; and**

23 **“(C) Use model inference to formulate options for information or action.**

24 “[a] (b) ‘Covered product’ means:

25 **“(A) Any form of hardware, software or service provided by a covered vendor.**

26 **“(B) Any hardware, software or service that uses artificial intelligence and the artificial**

27 **intelligence is developed or owned by a covered vendor.**

28 “[b] (c) ‘Covered vendor’ means any of the following corporate entities, or any parent, subsid-

29 iary, affiliate or successor entity of the following corporate entities:

30 **“(A) Ant Group Co., Limited.**

31 **“(B) ByteDance Limited.**

32 **“(C) Huawei Technologies Company Limited.**

33 **“(D) Kaspersky Lab.**

34 **“(E) Tencent Holdings Limited.**

35 **“(F) ZTE Corporation.**

36 “[c] (d) ‘State information technology asset’ means any form of hardware, software or service

37 for data processing, office automation or telecommunications used directly by the office of the Sec-

38 retary of State or used to a significant extent by a contractor in the performance of a contract with

39 the office of the Secretary of State.

40 “(2) Except as provided in subsection (4) of this section, the Secretary of State shall:

41 “(a) Prohibit a covered product from being:

42 **“(A) Installed or downloaded onto a state information technology asset; or**

43 **“(B) Used or accessed by a state information technology asset;**

44 “(b) Remove any covered product that is installed or downloaded onto a state information

45 technology asset; and

1 “(c) Implement all measures necessary to prevent the:

2 “(A) Installation or download of a covered product onto a state information technology asset;

3 or

4 “(B) Use or access of a covered product by a state information technology asset.

5 “(3) For any corporate entity that the State Chief Information Officer designates as a covered

6 vendor under ORS 276A.344, the secretary may:

7 “(a) Prohibit a covered product from being:

8 “(A) Installed or downloaded onto a state information technology asset; or

9 “(B) Used or accessed by a state information technology asset;

10 “(b) Remove any covered product that is installed or downloaded onto a state information

11 technology asset; and

12 “(c) Implement all measures necessary to prevent the:

13 “(A) Installation or download of a covered product onto a state information technology asset;

14 or

15 “(B) Use or access of a covered product by a state information technology asset.

16 “(4) If the secretary adopts risk mitigation standards and procedures related to the installation,

17 download, use or access of a covered product, the secretary may, for investigatory, regulatory or

18 law enforcement purposes, permit the:

19 “(a) Installation or download of the covered product onto a state information technology asset;

20 or

21 “(b) Use or access of the covered product by a state information technology asset.

22 “**SECTION 4.** ORS 276A.348 is amended to read:

23 “276A.348. (1) As used in this section:

24 “(a) **‘Artificial intelligence’ means a machine-based system that is capable, for a given**

25 **set of human-defined objectives, of making predictions, recommendations or decisions influ-**

26 **encing real or virtual environments and uses machine- or human-based inputs to:**

27 **“(A) Perceive real or virtual environments;**

28 **“(B) Abstract the perceptions into models through analysis in an automated manner; and**

29 **“(C) Use model inference to formulate options for information or action.**

30 “[a] (b) ‘Covered product’ means:

31 “(A) Any form of hardware, software or service provided by a covered vendor.

32 “(B) **Any hardware, software or service that uses artificial intelligence and the artificial**

33 **intelligence is developed or owned by a covered vendor.**

34 “[b] (c) ‘Covered vendor’ means any of the following corporate entities, or any parent, subsid-

35 iary, affiliate or successor entity of the following corporate entities:

36 “(A) Ant Group Co., Limited.

37 “(B) ByteDance Limited.

38 “(C) Huawei Technologies Company Limited.

39 “(D) Kaspersky Lab.

40 “(E) Tencent Holdings Limited.

41 “(F) ZTE Corporation.

42 “[c] (d) ‘State information technology asset’ means any form of hardware, software or service

43 for data processing, office automation or telecommunications used directly by the office of the State

44 Treasurer or used to a significant extent by a contractor in the performance of a contract with the

45 office of the State Treasurer.

1       “(2) Except as provided in subsection (4) of this section, the State Treasurer shall:  
2       “(a) Prohibit a covered product from being:  
3       “(A) Installed or downloaded onto a state information technology asset; or  
4       “(B) Used or accessed by a state information technology asset;  
5       “(b) Remove any covered product that is installed or downloaded onto a state information  
6 technology asset; and  
7       “(c) Implement all measures necessary to prevent the:  
8       “(A) Installation or download of a covered product onto a state information technology asset;  
9 or  
10       “(B) Use or access of a covered product by a state information technology asset.  
11       “(3) For any corporate entity that the State Chief Information Officer designates as a covered  
12 vendor under ORS 276A.344, the State Treasurer may:  
13       “(a) Prohibit a covered product from being:  
14       “(A) Installed or downloaded onto a state information technology asset; or  
15       “(B) Used or accessed by a state information technology asset;  
16       “(b) Remove any covered product that is installed or downloaded onto a state information  
17 technology asset; and  
18       “(c) Implement all measures necessary to prevent the:  
19       “(A) Installation or download of a covered product onto a state information technology asset;  
20 or  
21       “(B) Use or access of a covered product by a state information technology asset.  
22       “(4) If the State Treasurer adopts risk mitigation standards and procedures related to the in-  
23 stallation, download, use or access of a covered product, the State Treasurer may, for investigatory,  
24 regulatory or law enforcement purposes, permit the:  
25       “(a) Installation or download of the covered product onto a state information technology asset;  
26 or  
27       “(b) Use or access of the covered product by a state information technology asset.”.
