

Senate Bill 544

Sponsored by Senator SOLLMAN (Presession filed.)

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure **as introduced**. The statement includes a measure digest written in compliance with applicable readability standards.

Digest: The Act requires vaping detectors to be installed in certain high schools. (Flesch Readability Score: 67.7).

Requires vaporizing detection devices to be installed in certain areas of high schools that have 1,000 or more enrolled students.

A BILL FOR AN ACT

Relating to the installation of vaporizing detection devices in high schools.

Be It Enacted by the People of the State of Oregon:

SECTION 1. (1) As used in this section:

(a) **"Inhalant"** has the meaning given that term in ORS 433.835.

(b) **"Vaporizing detection device"** means a device capable of detecting vapor created from an instrument used to vaporize an inhalant.

(2) **Each school district shall:**

(a) **Ensure that a vaporizing detection device is installed in all student bathrooms and common areas at each high school in the district that has a student enrollment that is greater than 1,000.**

(b) **Establish written policies and rules regarding disciplinary action for students who are, by means of a vaporizing detection device or otherwise, discovered to be vaporizing an inhalant. A school district's policies and rules established under this paragraph may not include suspension or expulsion.**

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.
