

# Senate Bill 566

Sponsored by Senator ANDERSON (Presession filed.)

## SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure **as introduced**. The statement includes a measure digest written in compliance with applicable readability standards.

Digest: For the part of the state in the Pacific Time Zone, stops the one-hour change of time in the spring and fall of each year and keeps the zone at standard time year-round if CA and WA states do the same within 10 years. (Flesch Readability Score: 64.1).

For the part of the state located in the Pacific Time Zone, abolishes the annual one-hour change in time from standard time to daylight saving time and maintains the Pacific Time Zone portion of Oregon on standard time for all 12 months of the calendar year, if California and Washington make the same change within the next 10 years. Restores current time standards if California and Washington do not make the standard time change within 10 years.
