

Submitter: Ann Chetock

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3173

Oregon Flora is vital to continue research helping to identify plants and their habitats. Oregon Flora is important to scientists, citizen scientists and the fellow plant lover.

I hike, I kayak and tour recreation sites around Oregon. I belong to Willamette chapter of the NPSO, I am also with MCMGA. I use Oregon Flora on hikes and in discussion of plants. It's a wonderful resource!

I am asking you to please pass HB 3173.
Thank you.

Ann Chetock
