

Submitter: Mary Bycroft

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3119

We are running out of time for reducing fossil fuel pollutions. The oil industry calls to mind the tobacco lobby's lies, trying to tell us that smoking was good for us. Oil is dirty, and while we now rely on many of it's products, we should focus on minimizing the damage being done. I oppose this appalling bill.
