

Submitter: Kari Talbot

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3119

I am in full support of this bill. The damage that will be done if this bill is passed will be devastating to our state and those who reside In this state . With the stop of using diesel fuel, our cost of goods will rise, and we can't afford that.

The disposal of EV batteries will destroy our state and cause more harmful effects to the environment and to the people.

Let alone the drain it will do to our electrical infrastructure.
